BODEM SRI DURGA DEVI LASKHMI AISHWARYA

Email Id: <u>aishwaryabodem@gmail.com</u>

Mobile No: +919177005791

CAREER OBJECTIVE

I am an adaptable and motivated individual with exposure to both engineering and software domains. Detail oriented and flexible, I enjoy learning new skills and applying them to solve real-world challenges. With strong problem-solving and teamwork abilities, I am eager to contribute to organizational success while continuously developing my professional growth.

ACADEMIC QUALIFICATIONS

Bachelor's Degree in Mechanical Engineering with an Aggregate of 8.21

Jan 2021- Apr 2024

Aditya Engineering College(A), Surampalem, Andhra Pradesh, India.

Intermediate with an Aggregate of 9.79

July 2018- Apr 2020

Vikas Junior College, Samisragudem, Andhra Pradesh, India.

EXPERIENCE

Packaged App Development Associate – Accenture

Oct 2024 - Present

- Trained in SAP Material Management (MM) with hands-on exposure to procurement processes, inventory management, and the Procure-to-Pay (P2P) cycle.
- Worked on master data setup (material, vendor), purchase requisitions, purchase orders, goods receipt, and invoice verification.
- Currently working as an Omniverse Developer, contributing to the creation of interactive 3D environments and immersive virtual simulations.

Graduate Engineer Trainee

June 2024- Sept 2024

- Gained foundational knowledge of EHS, production operations and maintenance management in a manufacturing environment.
- I developed awareness of workplace safety standards, risk assessments, and compliance practices, I learned how to monitor processes, coordinate with teams to maintain output quality, and support continuous improvements
- Understood the fundamentals of preventive and corrective maintenance, equipping me with the ability to identify issues early and support smooth plant operations.

Full Stack Development Trainee (Internship)

June 2022-Apr 2023

- Completed an intensive Full-stack web development program, focusing on frontend technologies (HTML, CSS, JavaScript, React.js) and backend fundamentals.
- Developed a web-based project: "Visitors Pass Management System", creating responsive and interactive user interfaces, managing data flow, and implementing functional workflows.

TECHNICAL SKILLS

- ERP Systems: SAP Material Management (SAP MM)
- Web Development: HTML, CSS, JavaScript, React JS
- Databases: MySQL, MongoDB
- Programming Languages: Java & python (Basic)
- Mechanical: AutoCAD, Production planning, Maintenance, EHS

ACADEMIC PROJECTS

Manufacturing Of Compact Conveyor System

I have completed a project on manufacturing a compact conveyor system using "Mechanical design and manufacturing", fabricated to use in small-scale industries and adaptable for various purposes. The project involved design of the system, selecting materials, fabricating components, assembling, and testing for functionality and performance and the project achieved its objectives effectively.

Visitors Pass Management System

Visitors pass management system is a project based on "Full stack development" to manage the details of Visitors, Gate Pass, User, Login, Contact. The purpose of the project is to automate the existing manual system to reduce the manual work for visitor pass. It tracks all the details about the Users, Logins, Contacts.

PERSONAL STRENGTHS

- Leadership Skills
- Adaptable
- Good Communication Skills
- Team work

PERSONAL DETAILS

Name : Bodem Sri Durga Devi Lakshmi Aishwarya

Date of Birth : 01/11/2002
Nationality : Indian
Gender : Female
Marital Status : Single

Language : English, Telugu, Japanese (Basic) Hobbies : Listening to Music, Cooking, Dancing

DECLARATION

I hereby declare that all the above information given by me is true to my knowledge and I hold the responsibility of the above-mentioned information
